The Aquarium at Pescalis

Visit the largest fresh water aquarium in the Poitou-Charentes region; it has more than 30 species of fish from the rivers and lakes of Europe.

Long comment

The Aquarium at Pescalis, the largest fresh water aquarium in the Poitou-Charentes region, now has 20 tanks, including a tactile tank; together they hold more than 30 species of European fresh water fish. Enter the magical underwater world by following our underground pathways. All the family will love it.....
