Maison du Marais Poitevin

The Maison du Marais Poitevin is a must if you want to get to know all about the Marais Poitevin. The visit takes an hour and you can discover the traditions of the Marais Poitevin through this photographic museum.

Long comment

The Maison du Marais Poitevin is in the centre of Coulon on the banks of the river Sèvre. There are three permanent exhibition rooms and a room with temporary exhibitions. Each room shows a particular theme of the Marais: the interior of a typical house of the inhabitants of the Marais, the life of the eel – which is the emblematic fish of the Marais, the boat room, which shows the construction of the flat-bottomed boats typically used in the Marais, and the Maraiscope – a 15 minute film showing the historical construction of the Marais Poitevin and its activities. A guide is available and will answer any questions you may have. An opportunity not to be missed, enabling you to understand the life and history of the Marais Poitevin.
