Discover the countryside

[Display my wishlist : 0](#)

On a horse or a pony in the Gâtine or Vendéen bocage

Understand the environment and countryside through horses and ponies, whether ridden or driven:

- Discovery Farm
- Riding Lessons
- Equestrian tourism, hacking in the countryside

Long comment

We have had the pleasure of meeting professional horse lovers, who live and transmit their love for horses and close relationship between animal and man.

We have discovered the world of heavy horses and the traditional ways of working.

We have groomed a "Trait Breton" and helped work in the forge.

We then had the pleasure of driving on trails and learning about the agricultural work with horses in a bygone era. To complement these experiences there are lessons in the riding school for adults and

children at all levels. Finally the great pleasure of riding in the countryside, contact with the horse, pony and nature in the Gâtine, the Marais Poitevin, the Bocage.
